

REPORT OF THE GLOBALEX MANAGEMENT COMMITTEE FOR MAY 2019

The Globalex management committee met by Zoom on 15 May 2019 (9:00 CEST), with Ilan Kernerman, Simon Krek, Julia Miller, Dion Nkomo, and Lars Trap-Jensen in attendance. This Report constitutes a summary of what was discussed.*

The third international workshop of Globalex, GLOBALEX Workshop on Lexicography and Neologism, was held on 8 May at the DSNA biennial meeting in Bloomington, Indiana. The abstracts and PowerPoint presentations will be posted on the Globalex website**; the abstracts will also appear in the July issue of *Kernerman Dictionary News*, along with bios and photos of the presenters. Revised papers will be submitted to *Dictionaries: Journal of the Dictionary Society of North America* as a special refereed issue guest-edited by the organizers, Annette Klosa-Kückelhaus and Ilan.

At DSNA's general business meeting, Gilles-Maurice de Schryver offered a welcome presentation about Globalex and its goals, substituting for Lars, whose late flight change precluded his making the presentation. The upcoming meetings of Asialex (June 19-21), Afrilex (June 26-29), and Australex (September 3-4) are expected to have similar slots available for brief presentations about Globalex and its goals.

The mounting of searchable issues of the journal *Lexicon* on the Globalex website is progressing.

*The Globalex management committee keeps detailed minutes of its meetings, and a Report like this one serves as a concise summary to inform the Continental Associations, which are encouraged to publish the Reports on their websites.
